

To ensure the safety of participants and cause less disruption to the surrounding routes **please observe the one-way system and follow the direction of our traffic management team at all times.** Pike Road must only be entered from the eastern end. Signage will be placed on the A48 from mid-afternoon on Friday. If coming from Newport drive past the Rock & Fountain, the road continues uphill with an overtaking lane, the turning is next left at the brow of the hill.

If the road to the site becomes full of traffic you may be directed to the overflow parking/holding area off Tabernacle Road until space is available.
